In excess of **3.0m**

SUB BASE - On Concrete

Single Layer Safagrass™

0.9m

Double Layer Safagrass™

1.4m

Triple Layer Safagrass™

1.8m

Slip Resistance to BS EN 7188:1998

Dry
Wet

71 (PVT)

48 (PVT)

Hot Nut Test – Ease of Ignition to BS EN 4790:1987

Meets requirements

Richard Nixon
Technical Director

Date: 2nd December 2010

Note: The performance of in-situ laid materials is dependent on many factors; the tests performed on these samples reflect accurately their laboratory properties only. The CFH results obtained for this product will be affected by the temperature and moisture content of the soil beneath. Reference should always be made to the laboratory report relating to this certificate to ensure relevance to the intended situation. Refer to Report 13510/3487.
